TEXAS LEAGUE NOTES.

heat, not being acclimated, is coming true. Very few men on that team ever played as far south.

Catcher McLean and outfielder Faire, both college players, are the latest additions to the Galveston lineup. Faire had a tryout early in the season with Fort Worth. McLean has never played league ball.

Crabbie for Galveston is pitching fast ball. He is counted among the best in the Texas league.

It is rumored now that manager Leidy of the Bronchos is slated to get the bumps. Inability to control his players is said to be the cause. Dissension in the ranks has been causing the team to lose a number of games.

Middleton, Hick and Burch are out of the game for Houston now and Salms is still unable to play. That team has certainly had a large hospital list ever since the season opened.

Brewster of the Fort Worth team is hitting close to the .300 mark and what is better still he is clouting the ball when clouds mean runs.

Brady is a new pitcher signed by the Galveston Sand Crabs. He comes from Muskogee of the Western association. He led all pitchers in that association up to the time Galveston got him. He won seven, lost six and tied three.

Dickson of New York, comes from Greenville, Texas. He has been pitching good ball, winning four out of five games pitched. It looks as if he was destined to make good in big league company.

Ray, formerly with Shreveport, is winning ball in the American league even when pitching for such a bum bunch as the St. Louis Browns. He has won both games he has pitched since joining that team which is exceptionally fine for that is about all the games that have been won.

Bobby Lowe, considered the greatest second baseman in the game when he was playing with the Boston Americans, went to Macon, Ga., recently as a scout. He got so enthused over the game that he donned a uniform and proceeded to

Chamberlain's Colic, Cholera and Diarrhoea Remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery, and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by all druggists.

show the spectators that he could still deliver the goods.

Webb of Pittsburgh in the National league, was formerly with the Dallas team. He is winning more games that he pitches than he loses. No more can be asked of any pitcher.

McClain, an outfielder, has been picked up by Galveston. He comes without a record but seems to be able to play good ball which is of far more importance.

Robert Gilks, formerly manager of the Galveston Sand Crabs, is now a scout for the Cleveland Naps. It was he who signed Knaupp, shortstop of the Victoria team of the Southwest Texas league, for Cleveland.

Bradford and Garber of the Galveston team, who have been on the sick list, have joined the team and are now in the lineup. That will strengthen the Sand Crabs materially.

Fred Tonney, veteran first baseman, will probably act as scout the rest of the season for the Boston club.

Frank Laporte, the New York Highlanders' utility fielder, has been hitting so effectively of late that it is more than probable that he will be kept in the lineup regularly.

Bill Lattimore is holding down Walter Morris' job as captain of the Fort Worth Panthers during Morris' vacation. Morris was given a 30 days leave of absence from the game by president Allen as a result of his run-in with umpire Flynn.

The New York Highlanders seem to like college players. Among the latest signed are pitcher McClure and outfielder Jube of Amherst and outfielder Buck Daniels of Bucknell college.

Johnny Kling has failed to do any great work for Chicago since joining the team. Archer is doing the bulk of the backstopping.

Pitcher Hirsh of the Dallas team has been farmed out to Tularosa of the Western association.

In Sunday's game with Waco, Rogers, the newest addition to the San Antonio pitching staff, made a most excellent record in the box. Only 29 batters faced Rogers in the nine innings and but one ball was hit out of the infield. Waco got only two hits, one of them being a scratch bunt single. He fanned seven, hit none and walked none. He fielded his position perfectly. If he can keep that record up San Antonio has certainly corraled a treasure.

Yates, one of the new pitchers for Dallas, is also doing good work, winning his games regularly.

Spring chickens are now the best in years and the Melvin Meat company has the best in El Paso.
